

Love is showing others how much they matter to you.

Read: 1 Thessalonians 5:11

DAY
1

Feeling Loved?

Everyone feels loved in different ways. What are some things that your friends or family do to make you feel loved? Is it hugs, high fives, or kind words?

When we take care of each other we get to love others how they like to be loved. Ask those in your family how they feel loved. Choose one person to love well this week!

THANK God for putting people in your life to love.

DAY
2

Take Care!

God created you to take care of the people and the world around you. With an adult's help, go outside and look for ways that you can care for someone or something in your neighborhood.

Some ideas are: pushing a friend on the swing, picking up trash at the park, saying hello to a neighbor, or treating your friends' houses and toys carefully.

KNOW that God created us to care for those around us.

DAY
3

Build Them Up

In your Bible, go to 1 Thessalonians 5:11. This verse talks about encouraging one another and building others up! We can build others up by our words and actions. Talk to a friend or family member and tell them what they are good at! If it's your mom, what do you love that she does for you? If it's a sibling, what game do you love playing with them? Build up those around you today!

ASK God to help you build others up.

DAY
4

Created to Love

God created each of us to love, care for, and encourage those around us. Sometimes that can be hard to do well. Let's pray and ask God to help us.

Dear God, help me love others well. You created me to care, love, and to encourage those around me. I pray that I can do my best every day to show others I love them like you love me. Amen.

LOOK for people show God's love.

God made us to take care of each other.

OUT OF LOVE,

GOD CREATED
THE WORLD.
